is certified

100% MADE IN SELCO

YOU CAN CHECK for yourself

When you purchase a Selco welding power source, you can be **absolutely sure** that it was **100% made in Selco**. Just visit the official website of the Institute for the Protection of Italian Manufacturers, www.madeinitalycert.it, go to the “Traceability” section, and enter the product **warranty number** given on the **holographic label** on the your new power source. This is a unique number that is given to every Selco power source. The Institute’s tracing system will give you an instant on-line response, confirming that your Selco power source is **100% made in Selco**.

THIS GUARANTEES

- ⊕ That **Selco power sources** are entirely **made in Selco**. Our production plant is located in Italy and, for complete transparency, is open to visits by existing and potential customers.
- ⊕ That **Selco power sources** are made exclusively from **European semi-finished products** and **top quality, reliable raw materials**.
- ⊕ That **Selco competence** has been used in the **design and development processes**.

100% MADE IN SELCO OFFERS THE FOLLOWING BENEFITS

- ⊕ **Competent service and rapid response to queries.**
- ⊕ **Direct relationship** with the real manufacturer who has the control over the whole process without breaks.
- ⊕ Avoiding products coming from manufacturers with de-localised production, passing on to their customers all the inefficiencies and risks, and with the strong likelihood of the exploitation of labour, such as child labour.
