

Janitorial & Hygiene

Product Grading

Production

High performance industrial tooling designed for continuous use applications on machine tools where repeatability and long tool life are of critical importance.

Professional

Industrial tooling that has enhanced features and benefits demanded by craftsmen and professional users.

Industrial

Designed for regular use in industrial applications. Manufactured to stringent quality levels and international standards.

Workshop

Standard quality tooling for use by tradesmen and generally industrial use.

Maintenance

Products designed for general maintenance of machines, workshops, garages and some household applications.

Home Improver

DIY quality tooling. Designed for home use and light industrial applications.

Natural

Our natural cleanser uses two types of scrubbing additives, wood flour to absorb grease/grime and poly beads to remove more stubborn soiling like tar, inks and paints. These combine to produce a dense cleansing lather to deliver a powerful solvent-free natural cleaning action that is gentle on your skin.

Colour-Coded Brushware

Colour coding helps to reduce the occurrence of cross contamination, reduces the risk of bacteria transfer between work areas and improves general hygiene practises. Mops, buckets, handles, brooms, brushes, cloths and wipes can all be colour coded for the work place. Understanding a hygiene colour coding system can form part of an employees basic training.

	RED - most commonly used in high risk areas such as restrooms and toilets, urinals and washroom floors	
	YELLOW - most commonly used in medium risk areas such as washroom sinks and counters, wall tiles, mirrors and metal fittings (hardware etc.)	
	BLUE - general use in lower risk areas (excluding food preparation and serving areas)	
	GREEN - general use in food preparation and serving areas, bars - any place where food or drinks are made or served

Litter Picker

990mm (39") Reach

Using the Cotswold litter picker removes the need to repeatedly bend and stoop to collect litter, helping to reduce back strain and fatigue. The aluminium pole with spring-loaded trigger and jaws ensures that the Cotswold litter picker is as lightweight as possible, so that it is comfortable to use one-handed over extended periods of time.

Jaw capacity: 110mm.

REFUSE SACKS & PLASTIC BAGS
Racking Waste Sacks
Racksack

Waste management problems are easily solved with the racksack. Designed for most racking and shelving systems between 900mm and 1100mm, the racksack quickly fixes to the end of your racking frame. Made from tough waterproof polyester the racksack can adequately withstand the rigours of an industrial environment. Three strong handles are woven into the edge of the sack, one on each side for carrying and one on the base, so that the sack can be easily tilted from the base and emptied.

Dimensions (H x W):
1,000 x 920mm.

JANITORIAL & HYGIENE

Washroom Products

Our washroom range of products have been developed to provide you with a solution to meet your washroom paper requirements. From normal toilet rolls, (similar to what you use at home), through to mini jumbo rolls, to full jumbo rolls and toilet tissues. With a large range of paper hand towels to suit your hand drying requirements.

Selecting the correct product for you is down to a number of factors:

- Foot Fall** The number of people using your washroom facility.
- Theft** Do you suffer from toilet roll pilferage?
- Image/Hygiene** Matching toilet roll and paper towel dispensers.
- Normal Toilet Rolls** Ideal for use in low volume washroom, but pilferage could be an issue. If this is the case then moving to toilet tissue could be the solution.
- Mini-Jumbo Toilet Rolls** The product of choice for washroom with medium duty foot fall.
- Jumbo Toilet Rolls** The ideal solution for washrooms with high foot falls.
- Toilet Tissues** Designed to be dispensed a sheet at a time. Ideal for use in low volume foot fall washrooms.
- Hand Towels** A wide range of single and 2 ply products that fit through different dispensers to suit all washroom requirements.
