

from £ 1.06 / Kg

Cleaning cloths

- High quality, made from clean recycled materials
- No foreign bodies such as hooks, buttons or zips
- Supplied in practical dispenser box with approx 130 cloths or as a large 10 kg compact bale

Type KB

- Light cotton mix fabric for large areas of contamination
- Ideal for use in the workshop, construction etc.

Type TB

- Classic knitted cleaning cloths in soft, absorbent cotton in bright colours
- Suitable for workstations, machinery or tanks – anywhere where a lot of liquid needs to be mopped up

Model BB

- In brightly coloured cotton bedlinen material
- Especially suitable for sensitive surfaces, practically seamless

Type TW

- Pure white cotton, soft, absorbent, low lint
- Ideal for use with solvents

Type BW

- High quality, made from clean recycled materials
- No foreign bodies such as hooks, buttons or zips

Models HW

- In white, heavy duty terry towelling material
- High absorbency, ideal for drying damp surfaces if dye transfer from cleaning cloths needs to be avoided

Order in packs of
- 3 x 10 kg compact cubes
- 30 x 10 kg compact cubes
(full pallet)
