A clean fire protection solution for your workplace!

Oily waste cans

- **Safe collection of cleaning cloths and other waste, protection from fires starting with self-closing lid, additional safety with base ventilation - prevents overheating and self-ignition**
- **Leak-proof welded container avoids leaking of residual liquids**
- **FM certified**
- Can be opened easily by operating the large pedal with its anti-skid surface
- Big, ergonomic grip at the back serves for easy emptying of the container

Oily waste container made of red painted steel, 35 litres, with self-closing lid and floor ventilation

NEW
from £ 89.50
Order no. 256-101-J9

Damped, self-closing lid mechanism for significant noise reduction and to save material and costs

The self-closing lid prevents the content from igniting, e.g. by flying sparks

The ergonomic handle makes it easy and safe to empty the container.

Each disposal container is delivered with a multilingual safety label.
