

CNC-363T – Dual Sensor Face Recognition IP Camera

Features

- **Visible Light 5MP @25fps**
- **Thermal Imaging @384x288**
- **Starlight** IP Camera with **4mm** Lens
- True **WDR** 120dB
- Body Temperature super-imposed on video
- High Precision : **+/- 0.3°C (with black body)**
- High Detection Rate : **>5 person/s**
- Reading Distance : **1.5~3m**
- **Sound Alarm when body temperature detect >37°C**
- Build-in **White Light + Speaker**
- Audio : **1 in / 1 out**
- Alarm : **1 in / 1 out**
- Support **SD card** up to 128GB
- 278x100x89mm, 1.2kg
- **Face Recognition Video Recording :**
 - Face Search
 - Abnormal body temperature search
 - Video search with face with body temperature information
 - Time/Date Search
 - Panorama Search
